

Year: 2011  
 Location: Melbourne, Australia  
 Client: Ausaid INDII project  
 Main project features: Development of legal framework for development of transport infrastructure in Indonesia.  
 Position held: Quality assurance reviewer (legislation)  
 Activities performed: Review of draft report on legislation applying to expressway (including concession road – toll way) development in Indonesia under a quality assurance program of the Indonesia Infrastructure Initiative of Ausaid.

Name of project: Drafting of human resources rules for local government  
 Year: 2010  
 Location: Thimpu, Bhutan  
 Client: World Bank, Ministry of Works and Human Settlements, Bhutan  
 Main project features: Prepare for the introduction of democratic reforms to local government in Bhutan, with particular reference to employment of staff.  
 Position held: World Bank Individual Consultant  
 Activities performed: With the introduction of elected local government in Bhutan new provisions were required for a range of issues relating to administrative machinery and human resources. The work included stakeholder consultation, preparation of a report and draft rules

Name of project: Azerbaijan Highway II Project  
 Year: 2007, 2008, 2009  
 Location: Azerbaijan  
 Client: World Bank  
 Main project features: Draft a new law on road administration for Azerbaijan, incorporating modern management practices and provision for concession roads.  
 Position held: Legislation Specialist (single consultant contract).  
 Activities performed: Draft a report and proposed legislation on allocation of responsibilities between Government agencies (national and local), Government-controlled entities and private sector entities in the road sector. Draft road administration provisions which blend contractual and legislative controls and provide for future establishment of inter-agency agreements, reference panels and private sector concession agreements.

Name of project: Institutional support – law making process  
 Year: 2009  
 Location: Jakarta, Indonesia  
 Client: UNDP  
 Main project features: Review of institutional support project and development of proposals for future support.  
 Position held: Individual consultant.  
 Activities performed: The Department of Law and Human Rights occupies a central place in the process of making and reviewing legislation in Indonesia – including laws made in all sectors, both nationally and locally. With the impending completion of an institutional support program (“CAPPLER”), there was a need to review support to date and to identify future support needs.

Name of project: Legislative drafting - land pooling, local government, land use planning  
 Year: 2008, 2009  
 Location: Thimpu, Bhutan  
 Client: Ministry of Works and Human Settlement  
 Main project features: Establish sound legal basis for consolidation and subdivision of land on the urban fringes.  
 Position held: Legal specialist.  
 Activities performed: With expansion of urban areas there was a need to develop a method of reconfiguring property boundaries which facilitates transition of rural land to becoming urban land in a way that is equitable and effective. The project included review of existing law and procedures and development of Rules to enable land pooling. Subsequent work has included drafting of a revised local government (*Thromde*) law and a draft *Planning Act*

Name of project: Reform of the Road Traffic Act  
 Year: 2008  
 Location: Botswana  
 Client: Botswana Ministry of Works and Transport  
 Main project features: Revise a draft Bill for introduction into Parliament relating to aspects of road law enforcement, draft supporting regulations, consult with stakeholders  
 Position held: Legal Consultant  
 Activities performed: For the Botswana Ministry of Works and Public Transport and the Department of Road Transport and Safety, worked through a Reference Group, to prepare a Gap Analysis of existing laws and proposed amendments; review draft legislation; undertake a program of consultation with

Government and private sector stakeholders; and finalise a package of regulatory reforms intended to achieve higher compliance levels by road users.
